Dear Parents/Carers

I am writing to let you know of a new development in how we will communicate with parents/carers and share your child's achievements with you.

Over the last few years, each of the Maltby Learning Trust Primary Academies have been using different approaches to communicating with parents/carers. While all these have different strengths and weaknesses, as a group of schools we have taken the joint decision that it is now time for us to take the same approach in every school, so we are consistent in what we offer parents/carers.

Therefore, from the end of this half term, we will be phasing out our existing systems, such as Dojo and MyEd, and moving across to a new system called 'Seesaw'. This has a range of functions which we think will add to your child's experience in school while allowing us to communicate with you directly when this is needed.

The exact timing of the move from your Academy's current system is dependent on a number of factors such as contract end dates. Therefore, some schools will be 'switching off' their current systems at the end of this half term while others will be making a slower transition in the period up to July; each Academy will communicate this to you separately. When the time comes to start using Seesaw, all you will need to do is download the Seesaw App and sign in using the details you will be sent.

Details of what the new system will do and how it will be used will be sent out to you soon. However, in the meantime, if you would like to know more please follow the link to the Trust website, [Maltby Learning Trust - PRIMARY COMMUNICATION APP](#)

Yours faithfully

**The MLT Primary Team**
